Dear Ambassador Heifetz

Yosef Chaim David. Age 19. London Address, 84 The Drive, NW11

One of our members has asked me to intervene in the case of this yeshiva bachur who was pulled off the street last night in Bayit Vegan whilst he was simply watching a demonstration against the proposed homosexual parade in the Holy City of Jerusalem.

He was thrown into detention and has remained there for the best part of 24 hours. I now understand that he has been handed a form to sign that he is guilty so that he can appear before a court in the morning.

This boy is an innocent bystander. He could simply have been asked to produce his passport and his details taken down for any relevant future reference. There is no reason to throw bystanders in jail anymore than there is justification to deal this way with those who may be demonstrating peacefully.

After the terrible events at Amona and the jailing of young Jewish girls in Chevron and the arrest of a man blowing shofar at the kotel - on which I have previously written to you, it is only fair to ask: what has become of our leaders in Israel? Why do they allow - nay encourage - this to happen? Why is the government of Israel at war with Jews?

I sincerely hope you can intervene in the case of this young boy. And I respectfully request again that you convey to the Foreign Minister the extreme displeasure of our community at this egregious behaviour of her government in front of the world's press and, without doubt, much to the glee of our enemies.

Very truly yours,

Zalmi Unsorfer
Chairman
